PROFESSIONAL SUMMARY

Experienced Full Stack Engineer with 5+ years building production web platforms. Proven track record leading developmer teams to deliver major platforms like Rumah Siap Kerja 3.0. Expert in TypeScript, React, Next.js, NestJS, and Agile methodologies.

WORK EXPERIENCE

Freelance

Jakarta, Indor

Full Stack Developer & AI Engineer | *Jun 2025 – Present*

- Building custom web applications and AI-powered solutions for various clients.
- Developing LLM API gateways, RAG chatbots, and multi-agent systems.
- Implementing computer vision solutions for real-time surveillance and alerting.
- Creating e-commerce platforms and business automation tools.
- Specializing in TypeScript, React, Next.js, Node.js, and AI integration (OpenAI, Anthropic, DeepSeek).

PT Fokus Andal Inovasi

Jakarta, Indor

Owner | *Apr 2024 – Jun 2025*

- Founded and managed a Shopee Live e-commerce operation, scaling to 25 employees.
- Achieved Rp 1.5 billion GMV per month through strategic operations management.
- Built custom automation tools for advertising campaigns and financial reporting systems.

Rumah Siap Kerja

Jakarta, Indor

Frontend Developer Lead | *Dec 2021 – Apr 2024*

- Led a frontend team of 5 developers, managing task distribution, code reviews, and mentorship to ensure high-quality delivery.
- Implemented Agile practices including sprint planning, daily stand-ups, and retrospectives to optimize team velocity.
- Spearheaded the architectural redesign of Rumah Siap Kerja 3.0, improving user experience and engagement.
- Successfully migrated the core legacy application from Vue.js to React.js, improving scalability and performance.
- Architected and developed the RSK Back-office system using Nuxt.js (TypeScript) and TailwindCSS.
- Generated regular progress reports on milestones and risks for the Head of IT and executive stakeholders.

Frontend Developer | *Apr 2020 – Dec 2021*

- Developed and maintained key platforms for partners (B2B) using Vue.js and end-users (B2C) using React.js.
- Contributed to the development of the RSK mobile application using React Native.
- Built a robust Content Management System (CMS) for the back-office to support operation teams.
- Integrated unit testing frameworks (Nightwatch, Mocha) and utilized LambdaTest for cross-browser testing.

Jr. Full Stack Developer | *Mar 2020*

- Collaborated on the initial architecture design for client-side (Vue.js) and server-side (NestJS) components.
- Designed and managed MySQL databases to support early application data requirements.
- Implemented essential RESTful APIs using NestJS to facilitate frontend-backend communication.
